

OUR COOKIE & PRIVACY POLICY

Introduction

We protect your personal data in line with the requirements of the General Data Protection Regulation (GDPR). The GDPR requires data controllers such as ourselves to document our lawful basis for processing personal data. It also gives you rights over how your data is processed. This privacy policy documents the data we collect, why and how we process it, and how to exercise your rights.

Data controller

The data controller responsible for this website is All Fencing and Landscaping Solutions, who can be contacted on 07415 096252. This website contains links to third-party websites, which have their own data controllers and privacy policies. This privacy policy applies only to this website.

Lawful basis for processing

For each method by which we collect personal data, this privacy policy documents our lawful basis for processing the data. Where we rely on your consent to process your data, we explain how you can withdraw your consent and delete your data.

Individual rights

The GDPR gives you rights over how your personal data is processed. You can exercise your rights by contacting us. In some cases you can also exercise your rights through automated systems, as described at the relevant points in this privacy policy.

Security

The GDPR requires us to implement appropriate technical measures to protect data. We verify the identity of any individual who requests access to data before granting access. We use Transport Layer Security (TLS, also known as SSL) to encrypt any data you supply to us through our website. Additional technical measures are described at the relevant points in this privacy policy.

Disclosures

In addition to any sharing of data described elsewhere in this privacy policy, we may disclose data for legal reasons. If we suspect criminal activity we may disclose data relating to those involved or affected to the appropriate authorities. We may also be obliged to disclose data if we receive a request from an appropriate authority.

Changes to this privacy policy

We may occasionally make changes to this privacy policy. Following any changes, the date at the top of this privacy policy will be updated. If any change allows for wider access to data, such changes will only apply to data collected after the date of the updated privacy policy.

Cookies

Cookies are small pieces of text that are stored by your browser. Each cookie has a name and is associated with a particular site. When your browser sends a request to a site (for example, to download a page, image, or video), the computer that responds (known as a server) may tell your browser to set one or more cookies. When your browser makes further requests to the same site it sends the cookies back to the server. This allows the server to remember you as you browse the site, and provide features such as shopping baskets or password-protected areas. For more information on the cookies we use, see below.

Opt out of non essential cookies

If your browser's 'Do Not Track' feature is enabled we will honour this request and no non-essential cookies will be used. Please refer to your browser's help pages to enable Do Not Track.

Data collected when you contact us:

Contact Form

When you submit a Contact Us form on our site we collect your name, e-mail address, phone number, postcode and work required information as requested in the form. We may choose to publish your name and comment on our site in the event that online reviews are left by you. You can delete a comment by contacting us with your request. Lawful basis for processing: Consent given by data subject.

Why? You have given your consent by checking the box on the 'Contact Us' form.

All form data is automatically erased from digital data source after 12 months. If you require us to remove the data before this time, but after all dealings with you are complete please let us know and we'll be happy to assist.

Data collected by third parties on our behalf
